

Dixie 2014 - Traffic Control Committee (Logistics & Security) Quick Facts

DELEGATE FRIDAY ARRIVAL PROCESS: Delegates will be directed into the camp entrance and stopped along the main road right past the camp maintenance compound. Our staff will give them directions to drive directly to the camporee field, locate their lodge's campsite with the help of staff. They will park, unload quickly and then move their vehicles back to the delegate parking lot located in the field adjacent to the camp entrance. A shuttle bus will transport them back to camporee field. Our staff will ensure an unblocked camp road at all times.

DELEGATE SUNDAY DEPARTURE PROCESS: Shuttle buses will transport the delegates to their vehicles. They will drive back to their campsite, park and load their vehicles, then depart the Dixie. Our staff will ensure an unblocked camp road at all times.

SATURDAY VISITORS: Any day visitors will be parked in the field adjacent to the camp entrance and shuttled to the camporee field. They will be shuttled back to the parking lot when needed.

SHUTTLE BUSES: We will have mini buses and 15-passenger vans running from the parking areas to the camporee field road loop split. They will turn around at this point and NOT drive around the loop. The shuttles will NOT go the dining hall parking lot but will make the stop on the main road at the dining hall road. They will NOT go the either the swimming pool showers but can stop along the main road close to this point.

PARKING LOCATIONS:

- **CATAWBA STAFF** - parking lot at maintenance compound. Staff can drive to Cub world upon arrival, unload gear and move their vehicle out of the Cub World area ASAP and back to staff parking area.
- **DELEGATES** - field adjacent to camp entrance.
- **BUSES** - at Pecan tree parking area behind stage area
- **TRUCKS & TRAILERS** - delegate parking area, we will have an area reserved for trucks and trailers.
- **VIPS** - parking lot at LDC. There are currently 28 spaces. These vehicles will not be moved until Sunday morning departure. Special numbered passes will be made and given to Craig Orr and Nick Zanzot. These passes should be distributed by mail or person to the appropriate VIP's prior to Dixie. Our

committee will not be responsible for pass distribution on the Friday of the Dixie - in Dixies past, this has added much confusion to the event.

- FRIDAY EXHIBITERS - at Pecan tree parking area.

OTHER PARKING/VEHICLE NOTES: No vehicles can be left in the lodge campsites during the event. Lodge trailers can be parked at their sites but they must be off the main road. No vehicles can be driven through the camp without an In-camp vehicle pass. If delegates need to leave or get to their vehicles, we can supply transportation to the delegate parking lot through our shuttle system.

STAFF IN-CAMP VEHICLE PASSES: These will be distributed prior to Dixie weekend.

ALL APPROVED GOLF CARTS WILL BE ISSUED PASSES. ANY UN+APPROVED GOLF CART WILL NOT BE ALLOWED PAST PARKING
